GETTING STARTED

IMPORTANT WARNING: NEVER TRY TO INSERT OR REMOVE A GAME PAK WHEN THE POWER IS ON!

Instead, first turn the power OFF on your Nintendo 64.

Then insert the Game Pak into the slot of your Nintendo 64.

Press firmly to lock the Game Pak in place.

Turn the power switch ON. Now after the appearance of the title and legal screens will appear, which, you may bypass at any time by pressing START.

THE CONTROLLER

Control Stick Function

The Nintendo 64 Control Stick uses an analogue system to read the angles and directions of its movement. This allows precision control that is not possible using the conventional + Control Pad.

When turning the Control Deck power ON, do not move the Control Stick from its neutral position on the controller.

If the Control Stick is held at an angled position (as shown in the picture on the left) when the power is turned ON, this position will be set as neutral. This will cause games using the Control Stick to operate incorrectly.

To reset the neutral position once the game has started, let go of the Control Stick so it can return to its center position (as shown in the picture on the left) then press START while holding down the L and R Buttons.

The Control Stick is a precision instrument, make sure not to spill liquids or place any foreign objects into it.

This game is compatible with the Controller Pak and Rumble Pak accessories. Before using these accessories, please read the Controller Pak and Rumble Pak instruction booklets carefully. Follow the on-screen instructions to determine when you should insert or remove the Controller Pak and Rumble Pak accessories.

THE STORY OF THE SNOW-BOARD KIDS

The Snowboard Kids are elementary school children who live in a small town in the Canadian Rocky Mountains. The school is small, only sixty kids, and they eat, drink, and sleep snowboarding. At lunch, things get more heated than normal.

LINDA Nancy may be good at her tricks, but I am definitely the fastest.

NANCY I don't know about that.

SLASH Nah, dummy, I'm the fastest.

JAM Nancy isn't the master trickster. I am.

TOMMY Linda is completely wrong, as always.

LINDA A competition will prove I'm right. My rich daddy will buy what I need, because he knows I'll win.

JAM I can't believe her daddy gave her a cell phone.

LINDA OK, everything's ready.

SLASH What are you doing?

LINDA I'm setting up the competition, and it'll be big.

NANCY Stop it, Linda, it's too much.

SLASH I'll beat you, and I'll break your nose doing it.

JAM I'll prove to all of you that I am the master trickster.

TOMMY OK, I'll do it. Why not?

Start the competition! Let's name it the Maltinie Cup, after me, Linda Maltinie.

TIPS

Q. HOW CAN I IMPROVE MY TURNS?

LINDA

Use the edge turn and change your hip position. You can also glance off walls and not crash, if you are close to them to start.

Q. WHAT BOARD SHOULD I USE?

JAM

Use Alpine for Time Attack and Speed Cross. For the other modes, use the board appropriate to the character. Usually, the faster the character moves, the harder it is to turn.

Q. HOW CAN I GET HIGH POINTS IN THE TRICK GAME?

NANCY

Use the character specific tricks and 360 spins. You get bonus points for the rail slide at the end of the course.

Q. I'M ALWAYS MAKING MISTAKES IN THE TRICK GAME. DO YOU HAVE ANY SIMPLE ADVICE?

SLASH

Crouch as soon as possible and hold the Control Stick Right. Don't let go of the stick after you release the A button.

Q. I'M ALWAYS IN FOURTH PLACE. HOW CAN I SPEED UP?

TOMMY

Buy a faster board or play a faster character. Shoot everyone ahead of you, keeping them down.
